## WHO ARE THE LIONS

The word "**Lions**" stands for Liberty, Intelligence and Our Nations Safety.

A few quick facts first

Lions Clubs have nothing to do with Rugby  
Lions Clubs are not a men only organisation  
It is not a religious organisation

Lions are men and women who volunteer their time to humanitarian causes in their local communities. They do so in the belief that those who live in a community are in the best position to know who needs help and why. This is achieved through membership of the local Lions Club. More than 43,000 in number, these Clubs are part of the world's largest service organisation, with 1.4 million members in more than 180 countries and areas. The association is both non political and non sectarian.

A Lions club is a group of people, men and women, who have come together to make a difference in their community. Since 1917 Lions clubs have offered people the opportunity to give something back to their communities. Ireland (North and south) has about 3,000 members in 117 clubs.

Membership of Malahide Lions Club is by invitation from a club member. Existing members may bring forward the name of a potential new member and, if approved at a club meeting, they will be invited to attend a few meetings as part of new membership procedures in place for our club.

We also welcome expressions of interest in joining our club from the public, including requests received from the website, where you will find more information.
